For many years, Marysville High School had the honor of having these eight extraordinary teachers educate our students. Mrs. Davis, Mr. Puskarich, Ms. Campbell, Mr. Domke, Mrs. Linert, Mr. Quinlan, Mr. Lindke, and Mrs. Keifer have helped mold students in to young adults, given students their undivided attention, and truly benefitted their students by simply being there for them. The Marysville High School Yearbook would like to honor these eight retirees for their time, commitment, and hard work through the many years they were here.

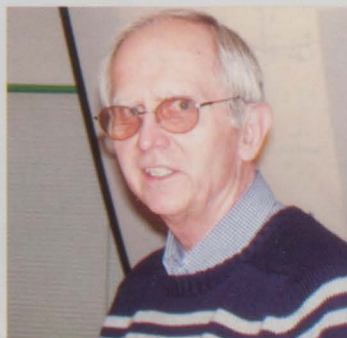

We thank you.

Class Song

Last Song
By: All American Rejects

This may be the last thing that I write for long,
Can you hear me smiling when I sing this song,
For you and only you?

As I leave will you be someone to say good-bye?
As I leave will you be someone to wipe your eye?
My foot is out the door and you can't stop me now.

(Chorus)

You wanted the best,
It wasn't me,
Will you give it back?
Now I'll take the lead,
When there's no more room to make it grow.
I'll see you again,
You'll pretend you're naive,
Is this what you want?
Is this what you need?
How you end up? Let me know.

As I go, remember all the simple things you know.
My mind is just a crutch and I still hope
That you will miss me when I'm gone.
This is the last song.

The hearts start breaking as the year is gone.
The dream's beginning and the time rolls on.
It seems so surreal,
And now I sing it.
Somehow I knew that it would be this way,
Somehow I knew that it would slowly fade.
Now I am gone,
Just try and stop me now.

(Chorus)

As I go, remember all the simple things you know.
My mind is just a crutch, and I still hope
That you will miss me when I'm gone.
This is the last song.

Will you need me now?
You'll find a way somehow.
You wanted to,
I want it too.

As I go, remember all the simple things you know.
My mind is just a crutch, and I still hope
That you will miss me when I'm gone.
This is the last song.

As I go, remember all the simple things you know.
My mind is just a crutch, and I still hope
That you will miss me when I'm gone.
This is the last song.

Administration

Superintendent John Silveri

Q: What is the most difficult aspect(s) of being responsible for deciding the future of Marysville students?

A: Knowing that the quality of life of our students in their adult lives, and, in part, the quality of life for society as a whole, depends on how successful we are with helping every student to excel.

Q: What steps do you take to make sure you are making the right decisions?

A: Most importantly, we make sure that every decision is driven by what is best for students. In addition, we are striving to make decisions collaboratively, based on data and research, with a focus on student learning.

-John Silveri

Q: What is the most difficult aspect(s) of being responsible for deciding the future of Marysville students?

Luckily, there are many higher powers that have made the decisions about the future of our students for us. State Legislation, Board of Education, etc. Basically, we are here to see that what other people have set in place gets followed. That goes for curriculum, discipline policies, extra-curricular policies, etc. Parents, the Board, and other committees have spent a lot of time and energy to keep these as simple yet effective as possible. I think we really have a good thing going here, and we are very lucky for the students that we have.

Q: What steps do you take to make sure you are making the right decisions?

Our expectations of conduct, academics, athletics, and extra curriculars are very high, and I think this helps students feel good about themselves, which in turn, leads to a fairly smooth operation. Our philosophy is to be fair, firm, and consistent. We try to treat our students like young adults, and that comes with the responsibility to make good decisions and work as hard as you can. Students still make mistakes like everyone else, and when that happens, we try to be fair but also hold them accountable for their actions. It seems to work for us! We also use a lot of past practice to evaluate it and see if we need to change it in the future. Experience can be a very good teacher if used correctly.

-Tom Valko

Assistant Principal Tom Valko

School Board: Back Row: (L to R): Kenn Davis and Kevin Palmateer. Front Row: Janet Clayton, Larry Eagen, and Mark Hondzinski.

Not Pictured: Dennis Socha and Nancy Archer.

Q: What is the most difficult aspect(s) of being responsible for deciding the future of Marysville students?

A: Being a board member for me is about community service but the focus is always about student achievement. Today, when looking at the future for Marysville students, it is important to keep sight that our graduates will be entering a global society. The world is now at our doorsteps, and all we do has impact upon one another.

Marysville students must be competitive with world students and have the foundations to build upon for unique and new careers, many of which don't exist today!

Q: What steps do you take to make sure you are making the right decisions?

Making good decisions for the students includes having visionary people in leadership to achieve world-class students as well as being able to take risks and be cutting edge without being fearful of making a few mistakes along the way. Learning and achievement comes from positive and negative influences. Having a concise and shared goal throughout the district and commitment will help to make Marysville students futures successful in whatever way they chose to encounter the world.

-Nancy Archer

Principal Bill Farnsworth

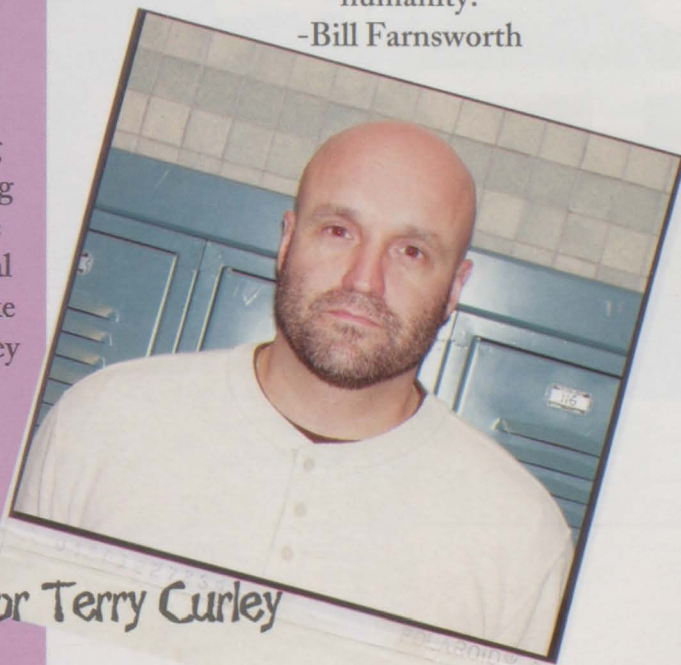

Q: What is the most difficult aspect(s) of being responsible for deciding the future of Marysville students?

A: With the ever changing economy and global competition for jobs, all educators have a tremendous responsibility to assure all students are learning. As building principal, the biggest challenge is balancing curriculum, instruction, assessment, supervision, and management while still being a transformational leader, preparing our students for their future.

Q: What steps do you take to make sure you are making the right decisions?

A: Good decision making is an essential skill for a successful leader. Making timely and well-considered decisions as a building principal allows Marysville High School and the students we serve the best opportunity to achieve Marysville Public School's Vision for every student to excel, both personally and for the benefit of humanity.

"I was a freshman wanting to be in Varsity Club, and to get in, they made us do all sorts of crazy things. Mine wasn't the worst, but I had to sing 'I'm a little Teapot' in front of 400 people on a stage at lunch time." -Mrs. Booth

2

"When I was on the wrestling team, me and some of my buddies taped a fellow wrestlers arms and legs together, covered his face with soot from the furnace, and we carried him out to the hall right before class was about to get out. The bell rang, everyone went past him laughing as he was screaming 'help me!' No one did though. The bell rang again; everyone went back to class, and he was still there." -Mr.Vineyard

3

"My friend, to see if protective eye glasses would melt or not, stuck them over a Bunsen burner. Unfortunately, we never found out if they could melt or not because his hair caught on fire- Yes, he was wearing them!" -Mr.Winston

"I got hit in the eye by a golf club at the first hole at the St. Clair Country Club and had to have stitches." -Mr.Schmorrow

"At a cheerleading party, I broke my neck in a tobogganing accident and was in a neck brace for 6 months, so it kind of messed up my social life for a little while." -Mrs.Herhuth

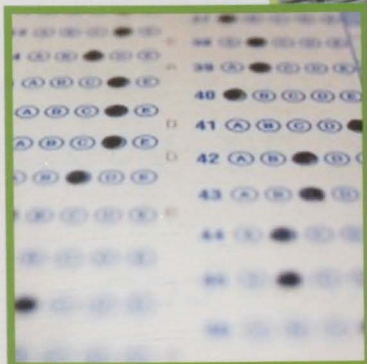

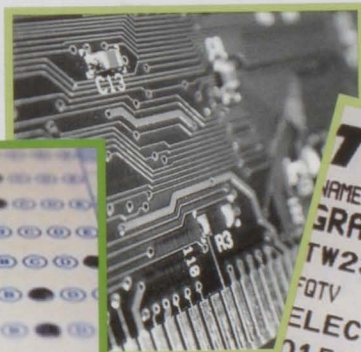

>>How have high school students changed since you were one?

1 "Today there are a myriad of things vying for the students' attention. When I was in school, we played football, basketball, and baseball as the seasons changed and often got together to play pick-up games for each. Now, many students specialize in their sports and spend massive amounts of time with their technology and less with each other." -Mr.Rathje

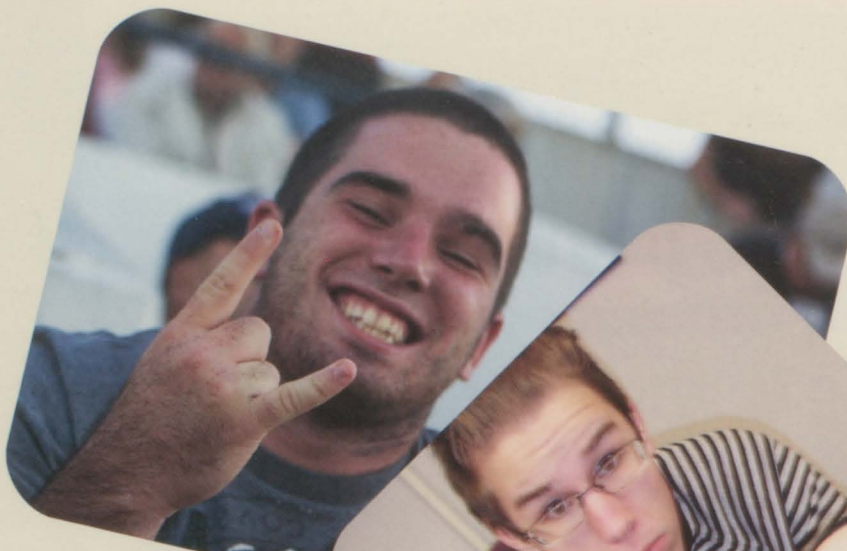

2 "They have more money to spend on clothes, cars and bling. More go to college, and have less time with families. Much more worldly, and more conscious of a much expanded universe. More have fewer responsibilities in their families. They're involved in more activities and travel more." -Mrs.Venia

3 "There are a lot more demands placed on students today. They are expected to know so much more than was ever expected of me when I was in high school." -Mr. Caza

THIS IS SO.....

"I love that yearbook brings everyone together. Everyone works together to get pages done and different types of people come together to make our book a success."

Katrina Taylor-O'Boyle

Brandon Harneck

YEARBOOK 2007-2008

"My favorite aspect about yearbook this year was how there were so many different personalities, but we all came together and decided everything in an organized manner and agreed on most situations."

Sarah Flavell

"What's great is we all got along and learned from each other, and it really shows throughout the yearbook. Each of us has our own creative style and brought it all together to make a great yearbook. There's a little bit of all of us in the book, which is great!"

Cecilia Gaglio

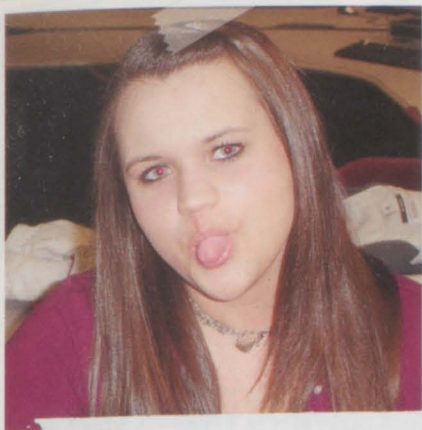

"My favorite part of yearbook is being able to pull each and every individual's personality into one concept. Everyone is completely different from one another, and this class allowed us to be accepting of one another and helped us to create a more diverse book. It's pretty awesome."

Danielle Reid

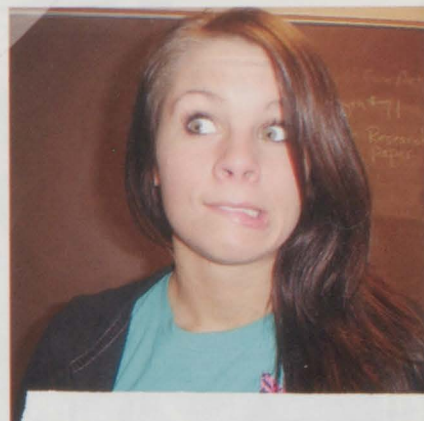

"As far as yearbook is concerned, I can only say we came together. We did it. Despite cliques and hormones and opinions trying to keep us apart...or at each other's throats."

SaraJane Kukawka

"I love how yearbook brings people with different personalities together, and by the end of the year, we are like a family."

Paige Muir

"Yearbook class was basically another family to me. Each and every person brought something different, which made this class very interesting. Many stressful yet humorous moments will never be forgotten. Love you guys!"

Nicole Mieksztyn

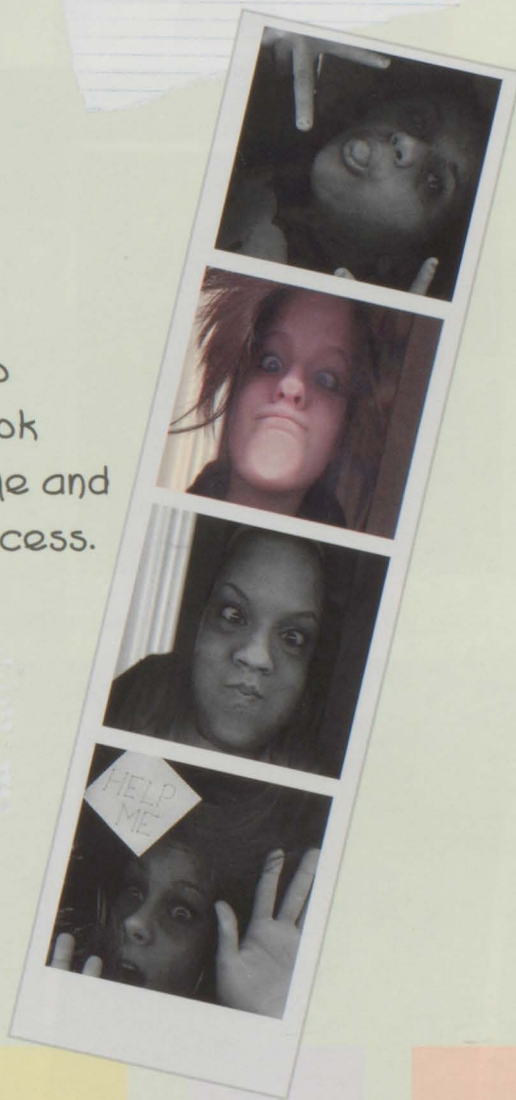

To My Yearbook Class,

This is by far the most creative and innovative yearbook that has ever been produced. I am so proud of all of you. Your vision for this year's book was carried out, and I am so grateful for the time and effort that everyone put in to making this a success.

HOME COMING COURT

Mr. Joe Rogers was a senior candidate escorted by his parents, Scott and Lynne Rogers. He was excited and honored to have been selected to represent his class for homecoming. In his spare time, he enjoys working out, being with his friends and family, and occasionally watching a good movie. Joe really enjoyed the two years of French he took with Mrs. Madis as well as AP Calculus with Mr. Cottone. He will be attending the University of Notre Dame in the Fall; while there, he will study finance and play hockey. Congratulations, Joe Rogers, for becoming the 2007 Homecoming King.

Miss Lindsey Stocker was one out of three senior candidates. Her parents, Steve and Tina Stocker, escorted her on the night of Homecoming at Marysville High School. Lindsey said she plans to go to a university to study medicine. Her favorite class is AP Calculus with Mr. Cottone. Lindsey said she loves exercising, playing all sports, studying, working, and hanging out with her friends. Once Lindsey was informed that she had made it on the homecoming ballot, she was honored and excited. Congratulations to the 2007 Homecoming Queen, Miss Lindsey Stocker!

To our classmate, friend, and/or neighbor, you will
forever be in our hearts and forever be missed.

Friends are Friends Forever

Michael W. Smith

"Packing up the dreams God planted
In the fertile soil of you
I can't **believe** the hopes He's granted
Means a chapter of your life is through

But we'll keep you close as always
It won't even seem you've gone
'Cause our hearts in big and small ways
Will keep the **love** that keeps us strong

And friends are friends forever
If the Lord's the Lord of them
And a friend will not say never
'Cause the welcome will not end
Though it's hard to let you go
In the Father's hands we know
That a lifetime's not too long
To **live** as friends

And with the faith and love God's given
Springing from the hope we know
We will pray the **joy** you live in
Is the strength that now you show

We'll keep you close as **always**
It won't even seem you've gone
'Cause our hearts in big and small ways
Will keep the love that keeps us strong

And friends are friends forever
If the Lord's the Lord of them
And a **friend** will not say never
'Cause the welcome will not end
Though it's hard to let you go
In the Father's hands we know
That a lifetime's not too long
To live as friends."

Destiny

Words can never quite express
My wishes that you are the best
And words are even much too few
To tell you my love for you.
I would give you wealth untold,
Precious gems, and stocks of gold.
All your troubles I would take,
The happy in your life to make.
I would give you peace and joy,
Like that of a barefoot boy.
Without selfishness or woe,
All because I love you so.

Love you always and forever,

Mom, Scott, Sierra, and Chyanne

Godspeed.

Dear Katie...

The room is full as I scan the crowd,
My heart is beating, oh so loud.
There you are, blending right in...
I wave to you, as the lights grow dim.

I blink my eyes to remove the years,
I blink again to remove the years.
There you were as a two-year-old,
Then again as a ten-year-old.

How can it be, Lord, so little time,
From a child to adult, so short a climb?
What a climb it was from day to day!
But here you are- you're on your way.

I'll be here when you need me, you know.
Take those years with you, as you go.
And I'll take comfort as the days go by,
Knowing I've given you wings to fly.

Fly away, Graduate- enjoy the view,
Spread your wings, and always remember,
I Love You!

Mom, Dad, Georgie, Aunt Pat, and John

To All My Seniors:

It has been a pleasure having you in class a second time. It is amazing how much all of you have grown since I had you in the 10th grade. Thank you for making this year interesting and fun.

To My AP kids:

Thanks for being my "guinea pigs" this year and for sticking it out even when you really didn't want to do it anymore. You are all amazing people, and I know that great things await each and every one of you. My life is better for knowing all of you! Good luck next year, and if I can help in any way, I am only an email away. :)

The image features a large, bold, 3D-style graphic of the year '2008' in a dark blue color with a black outline and a slight shadow. This central text is surrounded by several faint, light blue background elements: a larger, semi-transparent '2008' above it, another '2008' to its left, and a cluster of smaller '2008's in the bottom right corner. Additionally, there are patterns of small circles and lines scattered around the text, creating a dynamic, celebratory feel.

These were our
memories, friendships, laughs, &
smiles. These were the
late nights studying,
endless amounts of homework,
& going against the grain.
But most of all, it was about
understanding that
high school is a building block,
preparing us for our future
endeavors, and realizing-
THIS WAS SO OVER-RATED.
